summary of sapiens a brief history of humankind a comprehensive summary seventy
thousand years ago there were at least six different human species on earth they were
insignificant animals whose ecological impact was less than that of fireflies or jellyfish
today there is only one human species left us homo sapiens but we rule this planet
sapiens the book takes us on a breath taking ride through our entire human history
from its evolutionary roots to the age of capitalism and genetic engineering to uncover
why we are the way we are sapiens focuses on key processes that shaped humankind
and the world around it such as the advent of agriculture the creation of money the
spread of religion and the rise of the nation state unlike other books of its kind sapiens
takes a multi disciplinary approach that bridges the gaps between history biology
philosophy and economics in a way never done before furthermore taking both the
macro and micro view sapiens conveys not only what happened and why but also how
it felt for individuals sapiens a brief history of humankind is a book by professor yuval
noah harari first published in hebrew in israel in 2011 and in english in 2014 harari
cites jared diamond s guns germs and steel 1997 as one of the greatest inspirations
for the book by showing that it was possible to ask very big questions and answer
them scientifically here is a preview of what you will get a full book summary an
analysis fun quizzes quiz answers etc get a copy of this summary and learn about the

book

imagine another species of human standing right in front of you weird right did you know that we are called homo sapiens and there were many more species of human in the past ever wondered why we own earth as we know it today we re not the best swimmer runner we can t even fly interesting isn t it when did we begin to learn how to speak when did we begin to believe in religion what actually happened to us sapiens is written by yuval noah harari and first published in 2011 since publication it has been highly acclaimed and heavily criticized at the same time afterall we re going back 70 000 years ago here s what you ll discover chapter 5 why the agricultural revolution wasn t the book we think it was chapter 7 an impossible amount of numeric data and what we did chapter 8 the myth of race and gender let s go back and dig deep chapter 10 money a universal truth since when was money created and why chapter 12 the best and worst of religion chapter 15 the evolution of science through empire and so much more if you re ready to learn more about the history of humans and understand more of why things are the way they are click on the buy now button and start reading this summary book now why grab summareads summary books unparalleled book summaries learn more with less time bye fluff get the vital principles of a full length book in a limited time come comprehensive handy companion that can be reviewed side by side the original book hello facts we will never inject our opinions into the original works of the authors actionable now because knowledge is only potential power disclaimer this is an unauthorized book summary we are not affiliated or sponsored by the original authors or publishers in anyway in every summary book you ll realize that it is a great resource for personal development and growth nevertheless we encourage purchasing both the original books and our summary book as your retention for the subject matter will be greatly amplified

interesting and provocative it gives you a sense of how briefly we've been on this earth barack obama what makes us brilliant what makes us deadly what makes us sapiens one of the world's preeminent historians and thinkers yuval noah harari challenges everything we know about being human earth is 4.5 billion years old in just a fraction of that time one species among countless others has conquered it us in this bold and provocative book yuval noah harari explores who we are how we got here and where we're going one of the guardian's 100 best books of the 21st century praise for sapiens jaw dropping from the first word to the last it may be the best book i've ever read chris evans startling it changes the way you look at the world simon mayo i would recommend sapiens to anyone who's interested in the history and future of our species bill gates over 2 million copies sold since publication nielsen bookscan uk circana bookscan us april 2024

sometimes history seems like a laundry list of malevolent monarchs pompous presidents and dastardly dictators but are they really the ones in the driving seat sapiens a graphic history volume 3 the masters of history takes us on a hilarious ride through the past to discover the forces that change our world bring us together and just as often tear us apart grab a front row seat to the greatest show on earth and explore the rise of money religion and empire join our fabulous host heroda tush as she wonders which historical superhero will display the power to make civilisations rise and fall will mr random prove that luck and circumstance prevail will lady empire convince us of the irrefutable shaping force of conquerors or will clashwoman beat them all to greatness by reminding us of the endless confrontations that seem to forever plague our species this third instalment in the sapiens a graphic history series is an engaging insightful and colourful retelling of the story of humankind the perfect gift for curious minds of all ages praise for yuval noah harari's sapiens i would recommend sapiens to anyone who's interested in the history and future of our

species bill gates interesting and provocative it gives you a sense of how briefly we ve been on this earth barack obama jaw dropping from the first word to the last it may be the best book i ve ever read chris evans

the ebook is designed to be read on devices with large color displays the kindle edition is incompatible with ios see below for a list of supported devices new york times bestseller the first volume of the graphic adaptation of yuval noah harari s smash 1 new york times and international bestseller recommended by president barack obama and bill gates with gorgeous full color illustrations and concise easy to comprehend text for adult and young adult readers alike one hundred thousand years ago at least six different species of humans inhabited earth yet today there is only one homo sapiens what happened to the others and what may happen to us in this first volume of the full color illustrated adaptation of his groundbreaking book renowned historian yuval harari tells the story of humankind s creation and evolution exploring the ways in which biology and history have defined us and enhanced our understanding of what it means to be human from examining the role evolving humans have played in the global ecosystem to charting the rise of empires sapiens challenges us to reconsider accepted beliefs connect past developments with contemporary concerns and view specific events within the context of larger ideas featuring 256 pages of full color illustrations and easy to understand text covering the first part of the full length original edition this adaptation of the mind expanding book furthers the ongoing conversation as it introduces harari s ideas to a wide new readership

the ebook is designed to be read on devices with large color displays the kindle edition is incompatible with ios see below for a list of supported devices this second volume of sapiens a graphic history the full color graphic adaptation of yuval noah harari s 1 new york times bestseller focuses on the agricultural revolution when humans fell into a

trap we've yet to escape working harder and harder with diminishing returns what if humanity's major woes war plague famine and inequality originated 12 000 years ago when homo sapiens converted from nomads to settlers in pursuit of the fantasy of productivity and efficiency what if by seeking to control plants and animals humans ended up being controlled by kings priests and kafkaesque bureaucracy volume 2 of sapiens a graphic history the pillars of civilization explores a crucial chapter in human development the agricultural revolution this is the story of how wheat took over the world how an unlikely marriage between a god and a bureaucrat created the first empires and how war plague famine and inequality became an intractable feature of the human condition but it's not all doom and gloom with this book's cast of entertaining characters and colorful humorous scenes yuval zoe prof saraswati cindy and bill now farmers detective lopez and dr fiction all introduced in volume 1 once again travel the length and breadth of human history this time investigating the impact the agricultural revolution has had on our species the cunning mephisto shows them how to ensnare humans king hammurabi lays down the law and confucius explains harmonious society the origins of modern farming are introduced through elizabethan tragedy the changing fortunes of domesticated plants and animals are tracked in the columns of the daily business news the story of urbanization is portrayed as a travel brochure offering discount journeys to ancient babylon and china and the history of inequality unfolds in a superhero detective story with guest appearances by historical and cultural personalities throughout such as thomas jefferson scarlett o'hara margaret thatcher and john lennon sapiens a graphic history volume 2 is a radical witty and colorful retelling of the story of humankind for adults and young adults and can be read on its own or in sequence with volume i

this indispensable reference work provides readers with the tools to reimagine world history through the lens of women's lived experiences learning how women changed

the world will change the ways the world looks at the past women who changed the world their lives challenges and accomplishments through history features 200 biographies of notable women and offers readers an opportunity to explore the global past from a gendered perspective the women featured in this four volume set cover the full sweep of history from our ancestral forbearer lucy to today s tennis phenoms venus and serena williams every walk of life is represented in these pages from powerful monarchs and politicians to talented artists and writers from inquisitive scientists to outspoken activists each biography follows a standardized format recounting the woman s life and accomplishments discussing the challenges she faced within her particular time and place in history and exploring the lasting legacy she left a chronological listing of biographies makes it easy for readers to zero in on particular time periods while a further reading list at the end of each essay serves as a gateway to further exploration and study high interest sidebars accompany many of the biographies offering more nuanced glimpses into the lives of these fascinating women
